

Thailand Vision Trip

Why should you go?

"To be Thai is to be Buddhist." In this country of 64 million people with less than 1% professing faith in Christ, it is expected that to truly be Thai one must be Buddhist. Yet God is on the move. In 2000, Mission to the World sent the first team into Bangkok to proclaim the gospel through word and deed.

Now, 18 years later, God has blessed the work with four church planting teams serving in Southern Thailand, Bangkok, and Chiang Mai. And God has raised up Thai pastors to co-labor together in reaching this "Land of Smiles" with the gospel.

Come join us on this trip where your heart will be gripped with the spiritual bondage and the wonderful potential of this great nation. Meet the MTW church planting teams and grow in your knowledge of the opportunities and present obstacles they face. The trip will include worshipping with new church plants in Bangkok and Chiang Mai and meeting Thai Christians engaged in university ministry, outreach through the arts, discipleship, and business as mission.

This trip is for senior pastors, missions leaders, interested potential missionaries, and any follower of Christ who desires a greater vision for this nation; you are invited!
